Cautionary Statements

Forward-Looking Information

Certain statements contained herein constitute “forward-looking statements” which reflect the current expectations of management regarding the Company’s future growth, results of operations, performance, business prospects and opportunities based on information currently available to it. Wherever possible, words such as “may”, “would”, “could”, “will”, “anticipate”, “believe”, “plan”, “expect”, “intend”, “estimate”, “aim”, “endeavor” and similar expressions have been used to identify these forward-looking statements. These statements reflect management’s current beliefs with respect to future events and are based on information currently available to management. Forward-looking statements involve significant known and unknown risks, uncertainties and assumptions. Many factors could cause actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements, including, without limitation, those listed in the “Risk Factors” section of the company’s public filings. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking statements prove incorrect, actual results, performance or achievements could vary materially from those expressed or implied by the forward-looking statements. These factors should be considered carefully and prospective investors should not place undue reliance on the forward-looking statements. Although the forward-looking statements contained herein are based upon what management currently believes to be reasonable assumptions, there can be no assurance that actual results, performance or achievements will be consistent with the forward-looking statements. Forward-looking statements are made as of the date hereof and Orbit Garant may not, and does not assume any obligation to, update or revise these forward-looking statements other than as specifically required by applicable law. For more information concerning the Company’s risks and uncertainties, please refer to the Company’s most recent MD&A and Annual Information Form which are available on www.sedar.com.

Non-IFRS Measures

This presentation makes reference to certain non-IFRS measures, including EBITDA and Adjusted Gross Margin, that do not have standardized meanings prescribed by IFRS and could be calculated differently by other companies. The Company believes that these measures, when presented in conjunction with comparable IFRS financial measures, are useful to investors and other readers because the information is an appropriate measure to evaluate the Company’s operating performance. Internally, the Company uses this non-IFRS financial information as an indicator of business performance. These measures are provided for information purposes, in addition to, and not as a substitute for, measures of financial performance prepared in accordance with IFRS. EBITDA is defined as net earnings (loss) before interest, taxes, depreciation and amortization. Adjusted gross margin is defined as contract revenue less operating costs. Operating expenses comprise material and service expenses, personnel expenses, other operating expenses, excluding depreciation. Please refer to reconciliation in Appendix.

Company Overview

 ~ 1,500 Employees  217 Drill Rigs  Underground & Surface Drilling

Regional offices: Sudbury, ON, Moncton, NB, Chile, Ghana, Guinea, United States, Burkina Faso and Guyana

Current field operations: Canada, Burkina Faso, Chile, Guinea and Guyana

Val-d'Or

Santiago

Burkina Faso

Market Position (by % of revenue*)

Drilling Activity

Customers

Regions

Resource Exposure

Drilling Services

* For the nine months ended March 31, 2022

Diversified revenue mix with a weighting towards gold and major / intermediate mining companies

Competitive Strengths

- Long-established, leading Canadian-based mineral driller focused on gold projects
- Combined surface and underground expertise / specialized drilling / senior management field experience
- Focus on continuous innovation
- Vertically-integrated manufacturing operations
- Strong health & safety and driller training programs
- Long-standing customer relationships
- Growing presence in strategic international markets enhances metals, customer and geographic diversification

Well positioned to continue building market share

Drilling Services & Expertise

Surface

- Standard diamond coring / core rod
- Standard / reverse circulation and grade control
- AWL - PWL calibre
- Geotechnical drilling
- Directional core drilling

Underground

- Standard rod / core rod
- AWL - HWL calibre
- Geotechnical drilling
- Directional core drilling

Specialized Drilling

- Drilling projects that are in remote locations or, because of the scope, complexity or technical nature of the work, cannot be undertaken by smaller conventional drilling companies

Full service offering with expertise in specialized drilling

Vertical Integration / Health & Safety / Driller Training

- Vertically integrated manufacturing operations provide competitive advantage
 - Ability to design and manufacture custom drill rigs and equipment for customers at a competitive cost with faster delivery
 - Key to continuous innovation (e.g. computerized control and monitoring technology)
 - In-house drill rig maintenance / modifications supports optimum utilization rates and performance
- Health & Safety and Environmental practices align with, or exceed, the strict requirements of senior mining companies
- Driller training program in Val-d'Or
- Ongoing training for new technologies, techniques and safety / environmental standards

UL 2724 ECOLOGO® Certified for suppliers of the mineral exploration Industry

Superior quality, reliability and customer value

Continuous Innovation

Computerized Monitoring and Control Technology

Performance Highlights

- Greater accuracy
- Improved productivity (+30%)
- Fewer consumables
- Rig components last longer
- Easier to train personnel

Additional Feature Benefits for Customers

- Real-time, remote monitoring of drilling progress
- Ability to view core samples remotely

Competitive differentiation through innovation

Strong Customer Relationships

Core competitive strengths support long-term customer relationships

International Operations

Chile / South America

- Operating subsidiary established in Chile (FY 2013)
- Acquisition of Captagua in FY 2016
- Strong platform for growth in Chile / South America
- 16 surface drill rigs / 8 underground drill rigs as at Dec. 31, 2021

West Africa

- Operating subsidiaries established in Ghana (FY 2015), Burkina Faso (FY 2016), and Guinea (FY 2021)
- Acquisition of the drilling business of Projet Production International in Burkina Faso (Q2 2019)
- 21 surface drill rigs / 5 underground drill rigs as at Dec. 31, 2021

International Revenue (\$ millions)¹

1) International revenue in Fiscal 2020 and Fiscal 2021 reflects the negative impact of the COVID-19 pandemic. The revenue decline in FY 2020 also reflects the conclusion of a multi-year drilling contract in Chile at the beginning of Q4 2019. Drilling activity returned to pre-pandemic levels in West Africa during Fiscal 2021, and in Chile during Q1 2022.

2) Nine months ended March 31, 2022.

Orbit Garant is bringing its combined surface and underground drilling expertise to international markets

Low Global Gold Discovery Rates

Global Gold Discoveries vs. Exploration Spending, 1990-2021

- Gold discovery rates are low despite very high levels of exploration spending
- Major gold discoveries remain very rare

Declining Reserves in Global Gold Sector

Major Gold Producers' Years of Reserves Remaining, 2010 vs. 2019

S&P Global
Market Intelligence

■ 2010 years remaining
■ 2019 years remaining

- The mineable reserves of most senior gold producers have dropped sharply, driving the need for significant spending on exploration and mine development

Global Exploration Budgets

Annual nonferrous exploration budgets, 1997-2021

S&P Global

Market Intelligence

- 2021 aggregate global nonferrous exploration budgets totaled **US\$11.2 billion**
 - ◆ ~35% increase from US\$8.3 billion in 2020
- Reflects strong recovery in market conditions following the negative impact of COVID-19 in 2020
- Positive outlook for nonferrous exploration budgets:
 - ◆ Budgets expected to increase a further 5% to 15% in 2022 from 2021 levels, due to strong metal prices and financing activity

Exploration budgets rebounded from lows in 2016 and the impact of COVID-19 in 2020

Global Exploration Budgets

Annual nonferrous exploration budgets by project type, 1997-2021

Shift in exploration focus from grassroots to minesite over the past two decades

Global Exploration Budgets

Annual nonferrous exploration budgets by company type, 1997-2021

Junior companies provided increasing share of global exploration spending in 2020-2021

Gold Price (USD\$) (May 13, 2022)

- Spot gold price reached record high of ~US\$2,075 per ounce in August 2020 and has remained elevated
- Current price of gold (~US\$1,809) is ~54% above its trailing 5-year low in August 2018
- Strong price of gold supports improved access to capital for mining companies, and increased mineral exploration and development spending
- Gold-related operations accounted for ~71% of Orbit Garant's revenue during the first nine months of Fiscal 2022

Strong incentive for gold miners to boost exploration and development budgets

Copper Price (USD\$) (May 13, 2022)

- Copper price reached record level above US\$4.90 per pound in March 2022
- Strong post-pandemic demand outlook
 - Short-term COVID-related stimulus measures have also boosted demand
- Copper supply expected to lag demand over next several years
- Current price provides strong support for Orbit Garant's Chilean operations

High copper price supports strong profits for miners and growth in exploration spending

Historical Metres Drilled and Utilization Rates

(in thousands of metres and average annual utilization rate %)

1) Nine months ended March 31, 2022.

Fiscal years ended June 30

Strong recovery in customer demand beginning in Fiscal 2021

Q3 2022 Financial Review

Revenue
(\$ millions)

EBITDA¹
(\$ millions)

Adjusted Gross Margin¹

Q3 2022 G&A Expense:
\$3.8 million (8.5% of revenue)

Q3 2021 G&A Expense:
\$3.7 million (9.0% of revenue)

Q3 2022 EPS:
(\$0.11)

Q3 2021 EPS:
\$0.02

1) Adjusted Gross Margin is a non-IFRS measure and is defined as Gross Profit excluding depreciation expenses. EBITDA is a non-IFRS measure and is defined as earnings before interest, taxes, depreciation, and amortization. See "Reconciliation of Non-IFRS measures" in the Appendix of this presentation.

Decline in margins and profitability reflects short term impact of adverse weather, a higher proportion of less experienced drillers, driller training costs, project ramp-up costs, Omicron and supply chain disruptions

YTD 2022 Financial Review

	Nine months ended March 31, 2022	Nine months ended March 31, 2021
Revenue (millions)	\$141.6	\$112.2
Gross Profit (millions)	\$6.8	\$17.3
EBITDA ¹ (millions)	\$4.3	\$16.3
Adjusted Gross Margin ¹	10.3%	21.5%
G&A expenses (millions)	\$10.8	\$10.6
Net earnings (loss) (millions)	\$(7.1)	\$4.5
Net earnings (loss) per share	\$(0.19)	\$0.12
Total metres drilled	1,339,305	1,159,046

1) EBITDA is defined as net earnings (loss) before interest, taxes, depreciation and amortization. Adjusted Gross Margin is defined as Gross Profit excluding depreciation expenses. See “Reconciliation of Non-IFRS measures” in the Appendix of this presentation.

Strong growth in revenue and metres drilled, with profitability impacted by short-term cost pressures as OGD adjusts to high level of customer demand

Solid Balance Sheet

(\$ millions)	As at March 31, 2022	As at June 30, 2021
Cash	1.4	3.3
Total current assets	88.5	90.6
Total assets	135.1	138.1
Total current liabilities	41.6	36.5
Long-term debt and lease liabilities	31.8	31.3
Total shareholder equity	61.7	70.3
Working capital	46.9	54.0

On November 22, 2021, Orbit Garant reached an agreement with National Bank of Canada on certain amendments to its amended and restated credit agreement dated March 8, 2021 (the "Credit Facility"). The amendments provide Orbit Garant with more favourable interest rates and extend the maturity date by two years, from November 2, 2022 to November 2, 2024. The Credit Facility consists of a \$35.0 million revolving credit facility and a US\$5.0 million revolving credit facility guaranteed by Export Development Canada. On May 10, 2022, Orbit Garant and National Bank entered into an amendment to the Credit Facility pursuant to which the Company expects to comply with all covenants applicable to future quarters.

COVID-19 Update

- OGD's drilling activity in Canada, Chile and West Africa has either returned to, or surpassed, pre-pandemic levels
 - Expanding drill fleet in West Africa to accommodate rising demand
- Omicron variant impacted operations beginning late in Q2 2022 and throughout Q3 2022
 - Omicron-related work interruptions in Canada resulted in ~16,000 lost hours of labour in Q3 2022, resulting in significant loss of revenue and increased costs in the quarter
 - Not anticipating significant Omicron-related interruptions in Q4 2022
- Precautionary health and safety measures implemented across OGD's operations
- Recorded a benefit of \$3.6 million related to the Canada Emergency Wage Subsidy program during Q4 2020, and total benefits of \$3.2 million during Fiscal 2021
- Increased financial flexibility through amended financing agreements with lenders, \$1.7 million of loans secured by Chilean subsidiary in May 2020, and a \$3.8 million reduction in debt and lease liabilities in Fiscal 2021

Orbit Garant considers the health & safety of its personnel and the communities in which it operates to be a top priority

Investment Highlights

- Industry leader in innovation and specialized drilling (underground & surface)
- Comprehensive infrastructure with vertically-integrated manufacturing operations
- Low-risk, diversified exposure to mining sector
- High exposure to gold-related projects – gold prices remain strong
- Strong presence in Canada (gold) and Chile (copper) – two of the most significant mineral exploration markets in the world
- Growing presence in West Africa – a highly active market for mineral exploration
- Nonferrous mineral exploration and resource development increased 35% in 2021 and further growth of 5% to 15% is expected in 2022 (Source: S&P Global Market Intelligence)
- Recently implemented price increases on contracts that are expected to offset cost pressures and drive stronger profitability
- OGD expects to increase capacity utilization and driller productivity as positive mining industry cycle progresses to generate margin growth

Well positioned to continue building market share and stakeholder value

Pierre Rougeau ^{1 2*} Director	<ul style="list-style-type: none"> • More than 30 years of experience in finance and business administration • Former Chief Financial Officer / Executive Vice President at Richmond Mines Inc. • Held senior executive roles at Abitibi Consolidated Inc. and AbitibiBowater Inc. • Former investment banker at Geoffrion Leclerc Inc., Scotia Capital and UBS Warburg
Nicole Veilleux ^{1* 2} Director	<ul style="list-style-type: none"> • Chartered Professional Accountant with more than 30 years of experience in finance, including extensive experience in the Quebec mining sector • Former Vice President, Finance at Richmond Mines Inc. • Former auditor at KPMG LLP and financial analyst at Norbord Inc. and le Fonds régional de solidarité de l'Abitibi Témiscamingue
Eric Alexandre ³ Director, President & CEO	<ul style="list-style-type: none"> • Co-founder of Orbit Garant • More than 20 years of experience in finance, with expertise in financial and administrative management • Former Commercial Account Director for the National Bank of Canada • Experienced surface driller • Professional Chartered Accountant (CPA, CMA) designation
Daniel Maheu CFO	<ul style="list-style-type: none"> • Joined Orbit Garant in 2010; assumed CFO duties in May 2021 • Previously served as Orbit Garant's corporate controller, performing critical duties in finance and operations • Held management positions at transport companies from 1998 to 2010, including Controller and CFO of two transportation companies • Professional Chartered Accountant (CPA, CA) designation

1. Member of Audit Committee (* Denotes Committee Chair)

2. Member of Corporate Governance and Compensation Committee (* Denotes Committee Chair)

3. Certification from the Institute of Corporate Directors (ICD.D)

Reconciliation of Non-IFRS Financial Measures

- “EBITDA”: Net earnings (loss) before interest, taxes, depreciation and amortization. Management believes that EBITDA is an important measure when analyzing its operating profitability, as it removes the impact of financing costs, certain non-cash items and income taxes. As a result, Management considers it a useful and comparable benchmark for evaluating the Company’s performance, as companies rarely have the same capital and financing structure.

(unaudited) (in millions of dollars)	3 months ended March 31, 2022	3 months ended March 31, 2021	9 months ended March 31, 2022	9 months ended March 31, 2021
Net earnings (loss) for the period	(4.1)	0.7	(7.1)	4.5
Add:				
Finance costs	0.5	0.5	1.5	1.8
Income tax expense (recovery)	0.2	(0.1)	1.3	1.9
Depreciation and amortization	2.9	2.5	8.6	8.1
EBITDA (loss)	(0.5)	3.6	4.3	16.3

- “Adjusted gross profit and margin”: Contract revenue less operating costs. Operating expenses comprise material and service expenses, personnel expenses, other operating expenses, excluding depreciation. Although adjusted gross profit and margin are not recognized financial measures defined by IFRS, Management considers them to be important measures as they represent the Company’s core profitability, without the impact of depreciation expenses. As a result, Management believes they provide useful and comparable benchmarks for evaluating the Company’s performance.

(unaudited) (in millions of dollars)	3 months ended March 31, 2022	3 months ended March 31, 2021	9 months ended March 31, 2022	9 months ended March 31, 2021
Contract revenue	45.2	40.5	141.6	112.2
Cost of contract revenue (including depreciation)	44.9	37.4	134.8	94.9
Less depreciation	(2.7)	(2.2)	(7.7)	(6.9)
Direct costs	42.2	35.2	127.1	88.0
Adjusted gross profit	3.0	5.3	14.5	24.2
Adjusted gross margin (%) ⁽¹⁾	6.7	13.1	10.3	21.5

(1) Adjusted gross profit, divided by contract revenue X 100
